

■ **Other World Computing.** Woodstock, announced that it has won three Best of Show Awards at Macworld Expo 2007, held recently in San Francisco. OWC won the awards for its newly introduced ModBook, the first fully functional, consumer-ready OS X Mac-based tablet solution.

The three awards were given by Macworld Expo judges and Macworld Magazine editors, Macsimum News and mobile technology site PowerPage.org.

Strategic partners Other World Computing and Axiotron Inc. received a

major award at the Macworld Expo for the ModBook solution — the Macsimum Award 2007 from Macsimum News.
