## ▲ OWC'S MERCURY ON-THE-GO ENCLOSURE KITS

Build with new drives or re-use a laptop  
Other World Computing, a Mac and PC  
technology company, introduces two new  
Mercury On-The-Go Hard Drive Enclosure  
Kits for 2.5 inch SATA hard drives. OWC  
Mercury On-The-Go Kits can be built from a  
new portable hard drive or from an old SATA  
internal laptop hard drives to turn them into  
portable external drives that hook up to any  
computer via its USB 2.0 port.
